1st April 2008

Devizes Electrical Contractors Get New Premises

APT Electrics Ltd, which was started by Andrew Trusler, Chairman of Devizes Town Football Club, nearly 20 years ago has moved from Banda Industrial Estate to larger premises at Roundway Business Park.

Andrew says this move was necessary due to the increase in demand for their services and to provide better facilities for their 32 strong team of engineers and support staff. It also provides a shop window for some of the wide selection of lighting solutions that are now available.

Much of the increased demand has come about through many of the regions businesses using APT to help them, reduce their carbon footprint and meet the changes in efficiency regulations governing light bulbs, which mean that conventional pear-shaped incandescent bulbs are being phased out and replaced with more energy efficient models. It has also given these businesses the chance to modernise their premises.

APT is proud of its roots in Devizes and in addition to the work that Andy does with Devizes Town Football Club many members of his staff are involved in a wide range of sporting and other activities in and around the community.

For more information contact:

Stuart Trusler – Marketing Communications and Health and Safety Manager.

Tel:- 01380 739837 e-mail:- mail@aptelectricsltd.co.uk web:- www.aptelectricsltd.co.uk
